

## Introduction

Happy Dice MCR Score Board is an app to record the MCR game score when playing MCR personally or participating any competition.

To facilitate the 7th World Mahjong Championship, this app also records the highest No of the Fan, that must be more than 64, and the player name for each session. The app could upload the score to the Championship result website when a session is completed.

Home Screen:

All the previous MCR scores you have saved.

Edit icon to display session info.

Trash icon to delete the session

Click + button to start a new session (next page)
